

CHEMZ 350 Silicone

Part No. 7836 (600ml)

Clear multi-purpose lubricant and protectant

- Lubricates, waterproofs and protects
- Does not mark or stain
- Suitable for use on all types of surfaces
- Wide temperature range -50°C to +250°C

Chemz 350 Silicone contains a high quality silicone oil for all commercial, industrial and domestic applications

Chemz 350 Silicone is a dry non-sticking lubricant with a high silicone content that eliminates sticking, binding and squealing

Chemz 350 Silicone's silicone rich formula lubricates and protects rubber, plastic and metal parts

Chemz 350 Silicone withstands corrosive environments and has a wide temperature range

Chemz 350 Silicone is a thin film that dries quickly, resists dirt and dust build-up, providing good water and chemical resistance

Chemz 350 Silicone increases the working life of parts by preventing sliding or threaded parts from seizing

Chemz 350 Silicone does not attack any engineering materials, is non-staining and non-toxic

Technical Data

Appearance	Clear colourless liquid. Forms clear, oily film.
Solubility	Not soluble in water. Resists washout.
Specific Gravity	0.72
Boiling Point, °C (Initial)	60
Vapour Density (Air = 1)	>1
Flashpoint, °C	<0 (Propellant)
Propellant	Hydrocarbon

MPI Approved C12 (All animal products except dairy)
