

CHEMZ ConVas

Part No. 7354 (400ml)

Contact lubricant for all HRC fuses & switchplates

- Lubricates fuse disconnects
- Prolongs life of contacts
- Protects against sulphides and salt contamination
- Battery terminal protector

Chemz ConVas consists of a high purity Vaseline which is easy to apply in spray form

Chemz ConVas is acid free and gives excellent corrosion protection

Chemz ConVas has excellent lubricating properties, prolongs contact life and is chemically neutral towards all products

Chemz ConVas is a highly viscous lubricant with anti-corrosion properties and helps prevent sulphide corrosion

Chemz ConVas provides good corrosion protection on cable terminals, terminal screw connections and battery terminals

Chemz ConVas may be used as a lubricant in aerial erection work, telecommunication and in the manufacture of slideways

Technical Data

| | |
|--------------------------------|----------------------|
| Appearance (Residual Film) | Opaque white paste |
| Solubility | Not soluble in water |
| Specific Gravity | 0.70 |
| Temperature Range, °C | -30 to +150 |
| Flashpoint, °C (Residual Film) | > 200 |
| Flashpoint, °C (Propellant) | < 0 |
| Propellant | Hydrocarbon |

MPI Approved C12 (All animal products except dairy)
