

CHEMZ *Electro Clean*

Part No. 7125 (400ml / 600g)

Non-flammable heavy duty electrical equipment cleaner

- Evaporates quickly, residue free
- A special mixture of heavy duty solvents
- Repels water and moisture
- Removes oil and greases

Chemz Electro Clean is a powerful mixture of heavy duty solvents for cleaning and degreasing of electrical, mechanical and auto electrical equipment

Chemz Electro Clean is non-flammable, non-corrosive, has controlled evaporation to ensure deep cleansing action, is non-staining and residue free

Chemz Electro Clean is a heavy duty cleaner of oil, grease, wax, moisture, fats and other contaminants that cause current leakage and electrical inefficiencies which, when cleaned, will improve performance and prolong the life of the equipment

Chemz Electro Clean does not contain petroleum solvents, CFC's or carbon tetrachloride

Chemz Electro Clean is the ideal cleaner for electric motors, high-voltage switchgear alarms, bus bars, air tools, compressors, air conditioners, generators, starter motors, transformers, relays, contracts, transformers, circuit breakers, coils and controls

Chemz electro Clean can be used as a cable cleaner when splicing and termination high voltage cables

Chemz Electro Clean is excellent for removing wire pulling compounds, silicone and conductive particles

Technical Data

Appearance	Clear liquid
Odour	Mild ethereal
KB Value	130
Specific Gravity	1.5
Flash Point	None
Flammability	Non-flammable
Propellant	Carbon Dioxide

MPI Approved C12 (All animal products except dairy)
