

RW CLEANER

TECHNICAL DATA SHEET | 7155

RW CLEANER Heavy Duty Industrial and Electrical Equipment Cleaner

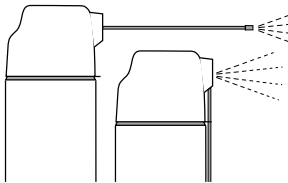

- Heavy duty cleaner for industrial and electrical equipment
- Fast drying, residue-free formula
- Removes oil, grease, waxes and contamination
- Low toxicity, CFC-free, safe on plastics and rubber
- Powerful jet spray cleans without disassembly

Safety Data Sheet

Dual Action Spray

Chemz RW Cleaner is a specially formulated heavy duty cleaner designed for engineering, industrial and electrical equipment applications. The powerful formulation rapidly removes grease, grime, oils, waxes, silicones, moisture, fats and other contaminants that can cause current leakage and electrical inefficiencies. Fast drying and residue free, it allows cleaned parts to be returned to service quickly. **Chemz RW Cleaner** is suitable for use on clutches, brakes, chains, cables, wires, motors, forklifts, industrial machinery, air conditioning units and general trade tools. It is also ideal for cleaning de-energised electric motors, high-voltage switchgear, alarms, bus bars, generators, starter motors, relays, contacts, transformers, circuit breakers, coils and control equipment, often without the need for disassembly.

CHEMZ RW CLEANER

CODE: 7155

SIZE: 500ml

PROPELLANT: Hydrocarbon

CONTAINS: Dipentene 10-30%, Aliphatic Hydrocarbon Solvent >60%

MPI APPROVED C12 (All animal products except dairy)

APPLICATIONS:

PRECAUTIONS: Read label before use. Keep out of reach of children. Wash hands thoroughly after handling. Gloves and eye protection are recommended in an industrial environment. Avoid breathing vapours/spray. Use only in a well-ventilated area. In confined areas, use a respirator. Do not eat, drink or smoke when using this product.

DIRECTIONS: De-energise equipment before using CHEMZ RW CLEANER. Remove heavy deposits by scraping. Shake the can well and spray generously on parts until dirt and grease have been washed away. If needed, wipe surfaces with a clean cloth.

INDUSTRIAL & MANUFACTURING - Cleans machinery, motors, switchgear and control equipment

TRANSPORT & LOGISTICS - Cleans forklifts, motors, brakes electrical components

CONSTRUCTION & MINING - Cleans tools, generators, switchgear site equipment

RURAL & AGRICULTURAL - Cleans motors, controls, machinery, electrical fittings

MARINE & FISHING - Cleans electrical panels, motors and mechanical components

Colour	Clear, colourless
Odour	Slight hydrocarbon/ethanolic citrus solvent odour
Density at 25°C	0.80 g/cm ³
Surface Tension	22 Dyne/cm
Vapour Density	Heavier than air
Evaporation	Medium fast drying
Residues	None
Material Compatibility	Good. Safe on most plastics.
Flash Point	< 0 °C
Flammability	Highly flammable. Do not use on energised equipment.
Propellant	Carbon dioxide
