## Chemz Food Grade Aerosols – Allergen Statement

Our Good Manufacturing Procedure program identifies critical points in production operations that inherently lend themselves to possible contamination issues (including cross-contamination), food safety issues, etc. Our food safety programs for all production lines require us to clean, sanitise, and inspect after each and every product is run through the line.

This is to certify that Chemz range of Food Grade aerosols does not contain allergens in the formulations.

### Food Allergens

This product does not contain any of the eight major food allergens (milk, eggs, fish, shellfish, tree nuts, peanuts, wheat and/or soybeans) or proteins as listed in the FALCPA of 2004 and does not contact these food allergens during the manufacturing process. This product does not contain any of the 26 allergen ingredients as defined in the Cosmetics Products Regulation (EC) 1223/2009.

Based on our knowledge of the manufacturing process and the raw materials used to produce this product, the following materials are not expected to be present in this product.
